Dearest Lillian,

Will write you a few lines while I have time and enough ambition.(HA) Hope this finds you feeling fine and having a good time. I am feeling good and doing nothing. Of course you know I am usually working.

You didn't leave much to soon on your trip. American Air lines went on strike Monday and I guess all of the other Air lines are crowded now. How did you like the plane ride? Did you get air sick. When we came to Baltimore on the plane there was two or three of the fellows that got very sick. Although it didn't bother me to much.

I received a letter from Lore today. She said she is still longing for New York. She has got a job in an office. She still insists that Baltimore will win the world series. Of course I am sure that Cleveland will win. I don't think the Dodgers will even have a chance.(Ha) I know you agree with me.???

Honey, I sure have missed you. It seems like it has been a long while since I have seen you. I will be glad when you get back. I don't know what I am going to do until you get back. There is no one else who can take the place of you as far as I am concerned. I went up to the USO last night but there wasn't very many there. I am going to try to get a pass this week-end. I am going home if I can get one. My brother is home on a ten day leave.

It sure has been hot here the last couple days. We had a nice rain last night and it has cooled off quite a bit. I imagine it is pretty hot down there where you are isn't it? (Excuse the mistakes) I need more practice typing. I am going up town after the television set after while. That will be my work for today.(Ha)

Honey, news around here is very scarce and I am not to good at writing letters anyhow, so will have to close for this time hoping to received a long letter from you real soon.

Love & best wishes,

*Bob*

PS; I love you.
