3/26/02

Dear Lel.

Thank you for the birthday card. Sis & I little late in answering, but what's new.

Sis sorry to hear about Bob's heart problems. I received a letter from Irving & he also has a similar problem. What the heck am I doing that's right?!?

I see my doctor about 6 or 7 times a year & he has me take a blood test every 3 months.

My cholesterol dropped from near 300 to 165. & I take a 40 mg. Zocor tablet & a 75 mg. Plavix tablet every day. The doctor says it will

prevent a heart attack.
My spelling & hand
writing isn't so good
either & it seems it's
getting worse as I get
older.

My hearing is very
bad. Sometimes when
I answer the telephone,
it sounds like the
person is talking a foreign
language. My right
ear is dead & I can
hear on left ear only
with the hearing aid;
and not very well with
that.

After what you, Bob
& Irving went through,
I'm not complaining
anymore.

I'm up at Swan Lake again this summer, I think that's when I wrote you last time. I'll try writing more often.

I'm going to answer Irving's letter tomorrow, since I can't use the telephone this is the only way I can communicate with you & Irv.

Dennis is 46?? What happened to all those years? It must make you & Bob feel old.

I hope Bob feels much better & gets back on his feet again. and you take care of yourself.

Thanks for the picture. You look good. I'll send you one of me, as soon as I find one as good.

Take care and regards to Bob.

Charlie

P.S. Please tell me your birthdate + Bob's. also Irving's.

O.K.
