

Nov. 17,2005

Dear Lillian,

I finally got my computer working again. I have not been using it for many months and now that it is working I will be writing to you again.

I hope you and Bob are feeling well and every thing at home is O.K. How is Dave doing? Does he expect to be coming home soon?

A couple of weeks ago Lenny and Gloria was in the neighborhood and stopped by to see us. The last time I saw Lenny was at Irving,s funeral. They saw the world globe we had sitting on the cocktail table and liked it co much we decided to give it to them. We still have the big one.

Lil when you receive mail from Dave does he use Iraqi stamps as postage? If so please save the stamps for me. I have been saving stamps from all over the world since I was ten years old and I have a big collection.

Yesterday the temperature outside was 70 .This morning it was 40. and I had to turn up the heat. This is the first year we had so many hurricanes and tornadoes since I can remember. Do you get any really bad weather in Ohio?

Thats about all for now, Jackie and I are as well as can be and I hope you and Bob are well. Regards from both of us.

I love you.
