Dear Lillian -

I'm testing my new stationary
out on you. If my pen will continue
to work, you might get a letter out
of me.

Right now I'm getting ready to
watch a Movie with Dave ^(Troop)
rented (from a fellow soldier for
50¢) It is raining really hard and
leaking through the roofs of our
CHU's (Containerized Housing
Units) We actually have it really
nice we both have microwaves and
small refrigerators. So Dave is
making popcorn for the movie and
we're going to each have a Non-
alcoholic beer. It's almost normal!

The movie was pretty good. I fell
asleep throughout it but I only

Missed a bunch of fighting scenes.
Are you and Bob still watching
desperate Housewives? I saw ~~on~~
heard on AFN) a blurb that ~~it~~
was the most popular new series.

Today we actually took the day
off. I felt guilty even though
it's my first full day off since
Block leave. (We cleaned and did laundry)

I know you are both very
worried about us. Please be a
little reassured when I say we're
at a really good location. I know
the elections will bring some problems
but right now it's been very quiet.

Dave and both might never have
to go outside "The wire" the whole time
we're here. Our jobs keep us pretty
locked down.

The letters and packages from

Home mean so much to us. I
sure Thank you for keeping us in
your thoughts and prayers.

Bob, you turn the news off for a
couple days. We're going to ~~be~~ just
fine.

I love you both so much
and am very thankful we're part
of your family.

Love Michelle

PS It's a bit exciting to be ^{NOTE}
here as history takes place. Just think
thousands of years ago this area
was the ground where Biblical
history took place! Daniel's Tomb is
right outside the gate! The stars are so
bright and close you can almost touch
them. There are birds and a fox that
lives close by. Trees and flowers
are growing. There is beauty everywhere!
